

# MUTUALIZATION OF EQUITABLE IN MORGAN'S HANDS

New Trust Agreement May Be  
Cancelled by Him at  
Any Time.

SELF-RENEWING BEFORE

George W. Perkins, Morgan J.  
O'Brien and Lewis Cass  
Ledyard Named Trustees.

As exclusively forecasted in The Evening World January 11, J. Pierpont Morgan has named George W. Perkins, Morgan J. O'Brien and Lewis Cass Ledyard as the new trustees of the Equitable Life Assurance Society. Announcement of Mr. Morgan's selections was made in Albany to-day by Superintendent of Insurance Hutchins.

The new trust agreement, which has a life of five years from Dec. 31, 1910, is practically a duplicate of the original agreement, which was executed by Thomas F. Ryan to Grover Cleveland, George Westinghouse and Morgan J. O'Brien following the insurance investigation of 1905.

Mr. Ryan obtained \$1 per cent. of the Equitable's \$100,000 capital stock from James Hazen Hyde at a cost of \$2,500,000, but when this control was transferred to Mr. Morgan last fall the estate of the late E. H. Harriman figured mysteriously in the transaction.

In his letter to Superintendent Hutchins, written yesterday, Mr. Morgan does not clear up the mystery of the transfer, but he does intimate that a plan for mutualization may be worked out when he sees of the agreement:

"You will note that it places us all in such a position that when some determination can be reached in the interest of the policyholders, and which is satisfactory to your department, it can be carried into effect without unnecessary delay."

"I trust that you and the trustees will continue to pursue the subject until a plan is worked out that will be satisfactory to all concerned."

Causes in the old Ryan agreement, giving the trustees power to renew the trust every five years, and themselves to put into effect a mutualization of the company, have been omitted. Instead, the agreement may be cancelled at any time by Mr. Morgan.

## CONFEDERATE FLAG LOST IN FLATBUSH IS FOUND.

Emblem Was Cause of Lively  
Incident During Civil War  
Times.

A confederate flag, dear to the hearts of old soldiers of Flatbush, was lost yesterday by John J. Snyder on the way to his home from his place of business at No. 35 East Eighteenth street. It was found by Officer Slattery of the Flatbush station and claimed by Mr. Snyder this morning.

The flag was captured by a company of Flatbush and Brooklyn sharpshooters under the command of Capt. Berdan, who sent it to the Kimball family of Kimball road, Flatbush. The Kimballs had a flag-raising of the stars and stripes and spread the Confederate banner on the lawn to denote war.

A Southern girl who was present became incensed, pulled up the Southern emblem, and hid it in her breast and dared any one to touch it. Subsequently the flag came into the possession of the father of the present owner. One of the Kimball girls married Capt. Berdan, and the other became the wife of Gov. Levi P. Morton.

## Climate Failed— Medicine Cured.

It has been abundantly shown that rest, fresh air and good food do help many persons suffering from tuberculosis. But, to be honest, it must be admitted that the disease is seldom more than "arrested." Something more is needed.

Eckman's Alternative is a medicine made for the cure of Tuberculosis. It has cured this disease again and again. Often these cures have been effected where the surroundings were not ideal, where no intelligent care was taken of the patient, where no special diet or good cooking was insisted upon. In fact, it is good common sense that Eckman's Alternative should be used in every case of Tuberculosis in addition to good, nutritious food and fresh air, which we all need.

The facts—the evidence of cures that have been made—are interesting reading. A remarkable cure—Wesdon, Ill.

Gentlemen: "Enough Eckman's Alternative has been saved from a premature grave, and, feeling that I might benefit suffering humanity, I am pleasure in writing you a brief history of my disease which you are at liberty to use.

"On Dec. 14, 1904, I was taken with typhoid pneumonia. My lungs became very much affected; my sputum was expectorated and tubercles had been found in the sputum. On Feb. 10, 1905, I returned to go to New York. While there I had a right lung broken and discharged. I grew worse and became very much emaciated. My physician informed me that I must go to Colorado as quickly as possible. I left Texas June 1, and arrived in Canon City June 18, very feeble. After being there two weeks my physician informed me that nothing could be done as my case was hopeless. Three weeks later I returned home, weighing 120 pounds, the doctor having given me no assurance of reaching there alive.

"On the 15th and 16th last Eckman's Alternative was administered to me, and I began to improve rapidly recommended. To day I weigh 185 pounds. I am stout and well and can do any kind of work about my main elevator. I have not an ache nor pain in my lungs, eat well, sleep well and never feel better. I would be glad if every person afflicted with Tuberculosis took Eckman's cure."

(Signed) Arthur T. Webb.

Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by all Higeman and Riker Stores and other leading drugstores. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

## GIRL STRANGELY MISSING; DESCENDANT OF WHITTIER.

Daughter of Retired Merchant of Massachusetts Disappeared After Class at College.

(Special to The Evening World.) BOSTON, Jan. 13.—Miss Florence E. Whittier, nineteen years old, and daughter of Mr. and Mrs. Maynard Whittier of Ipswich, is mysteriously missing from her home and her parents have appealed to the Boston police and the Watch and Ward Society for help at Ipswich. Police all over the country have been notified and money will not be spared to find her.

been able to get of the girl was that she reached the North Station, Boston, last Friday afternoon, after attending a session of a Boston college.

Miss Whittier, who is a pretty and rosy-cheeked girl, is a descendant of the poet Whittier and her family has been well known in this vicinity for generations.

Mr. Whittier said to-day that his daughter did not keep company with any young man and that the family does not believe she had any love affair. Miss Whittier's father is a retired merchant and is a member of the Board of Health at Ipswich. Police all over the country have been notified and money will not be spared to find her.

## SCIENTIFIC BUST DEVELOPER

Science has at last discovered a treatment for a condition which always seems to be impossible—retarded development of the female. Every woman has the natural right to a beautiful form, but most women are many who are never going to develop their bodies to the full.

Show the new treatment for lack of development, for sale by 14th St. Store or the Headquartering Stores, and in every case there it has been tried, we have never received a single complaint. Every woman has the natural right to a beautiful form, but most women are many who are never going to develop their bodies to the full.
